The South Chicago Wheelmen is a group of cyclists organized to promote, support, and participate in the sport of bicycle racing. The SCW is a club sanctioned by the United States Cycling Federation (USAC), the national governing bodies of bicycle racing in the United States.

The club promotes a variety of activities for all bicyclists regardless of skill level. Weekend training rides are organized during the racing off season for the development of riders. During the racing season, weekly training races are conducted Tuesday evenings. Time trials and developmental races are held on some Thursdays. These training races during the week are excellent opportunities for a beginner to develop racing skills and confidence. Other activities include USAC sanctioned races, weekly Tuesday training series, club meetings and seminars.

All membership applications are subject to SCW Board Approval.
